

WORK TRUCK SOLUTIONS

TABLE OF CONTENTS

WORK DOESN'T WAIT. TRUCKS CAN'T FAIL.

WEATHER GUARD® builds truck equipment for crews who run hard and fleets that demand consistency. Every box, rack, and storage system is engineered to take abuse, lock down gear, and perform the same way across every truck in the lineup.

One system. One key. One standard.

THAT'S HOW YOU GUARD THE GEAR AND PROTECT THE WORK BEHIND IT.

1 KEY ULTRALOCK™

ONE LOCK. ONE KEY. TOTAL CONTROL.

The **WEATHER GUARD® 1 Key Ultralock™** is the ultimate truck toolbox lock system for contractors, tradespeople, and fleet managers who demand speed, security, and simplicity. With one key for every truck box in your fleet, you eliminate the hassle of juggling multiple keys while keeping your tools and equipment protected. The **1 Key Ultralock™** features a visible lock status indicator, heavy-duty reinforced construction, and smooth-action access built into **WEATHER GUARD's** toughest truck boxes and **Pack Rat®** drawer systems — including saddle boxes, chests, lo-side boxes, wheel well boxes, and gull wing boxes. Whether you manage one truck or a hundred, **1 Key Ultralock™** saves time, reduces risk, and delivers unmatched convenience on the jobsite.

KEY ALIKE FLEET-WIDE

1 Key for every box in your fleet.

INSTANT LOCK STATUS CHECK

See at a glance if your box is secure.

BUILT WEATHER GUARD TOUGH

Heavy-duty enforced locking.

CODING THE LOCKS EASY 3-STEP GUIDE

1

OPEN THE BOX LID & INSERT THE KEY

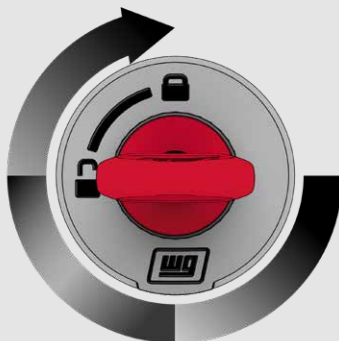

Code multiple boxes on a truck or entire fleet to the same key

2

ROTATE KEY A FULL 3/4 OF A CIRCLE

During key coding, there WILL be resistance. Continue through rotation.

3

REMOVE KEY

The lock is now permanently coded. Make sure to register your key code.

SADDLE BOXES

SADDLE BOXES THAT WORK AS HARD AS YOUR FLEET.

WEATHER GUARD® Saddle Boxes deliver fleet-grade protection and performance. Now with more configurations and features - including **1 Key UltraLock™**, designed to streamline access and reduce key clutter across your fleet. Fast to install. Built for maximum bed clearance. Trusted for long-haul durability. Available in steel or aluminum diamond plate, each box is finished with our corrosion-resistant **ARMOR TUF® Powder Coat** for years of dependable service and a clean, professional look. Standardize your fleet with a single locking system and proven box design — fewer headaches, faster deployment, and easier maintenance. It's the most popular truck box for a reason — and it's built to keep earning that spot.

HI-SIDE BOXES

HI-SIDE BOXES. MORE STORAGE. ZERO BED INTERFERENCE.

WEATHER GUARD® Hi-Side Boxes mount high and stay out of the way giving crews fast access to tools and parts while keeping the bed clear for bulk cargo. They're built tougher than ever, with upgraded seals and reinforced construction to block out weather and resist tampering. Available in steel or aluminum diamond plate and finished with **ARMOR TUF® Powder Coat** for long-term corrosion resistance and a clean fleet look. Ideal for construction, field service, and municipal fleets that need gear protected and ready to go. **Note:** Hi-Side Boxes are not compatible with truck racks. Support legs included must be used for proper install.

STEEL UNDERBED BOXES

BUILT TO TAKE THE HIT. ENGINEERED TO STAY DRY.

WEATHER GUARD® Steel Underbed Boxes come in compact, standard, and jumbo sizes to fit your fleet's needs. Each box is built from heavy-gauge steel for serious strength, and finished in **Gloss Black ARMOR TUF® Powder Coat** to resist corrosion and wear.

Doors are made from aluminum with a rust-resistant hinge system because the outside takes the beating, but the inside stays protected.

Mounted under the bed, these boxes keep tools secure, dry, and out of the way and ready when your crew needs them.

LONG HAUL DURABILITY

Heavy-duty materials keep your box going strong for years. **ARMOR TUF®** powder coating keeps it looking good for the long haul

STEEL TRUCK RACKS

STEEL TRUCK RACK

BUILT TO CARRY THE LONG HAUL.

WEATHER GUARD® Truck Racks mount securely over your pickup bed, creating a stable, job-ready platform for ladders, lumber, pipe, and long materials. They let crews haul full-length gear without giving up bed space—or risking damage by loading the cab roof. Every **WEATHER GUARD®** ladder rack is engineered for real jobsite conditions, with heavy-duty construction and weather-resistant finishes built to stand up to daily abuse. Designed for compatibility with standard pickup models, these racks install easily and integrate seamlessly with accessories like cross members and quick-release systems to dial in the setup your work demands. Safer loading. Smarter storage. More room to get the job done. That's what happens when your truck is built to work as hard as you do.

WELDED AIRFOIL

Reduces drag

REAR HANDLE BAR

Assists with getting on and off the truck

REMOVABLE REAR CROSS MEMBER

Installed with locking pins

UNIVERSAL FOR FULL SIZE TRUCKS

Front legs adjust based on bed length

Model 1275 ▲

NO-DRILL MOUNTING FEET

Quick installation without modifying the truck

WELDED TIE DOWN LOOPS

4 per rack

NO DRILL INSTALL

Installs in less than an hour

WELDED AIRFOIL INCLUDED

No need to purchase an accessory, helps deflect wind

MAXIMUM TIE DOWN POINTS

4 areas allow for additional tie down points on rack legs for items on rack

1190-52-01	Steel	Matte Black	12.9 lbs.

▲ Model 1190-52-01

SERVICE BODY RACKS

STEEL SERVICE BODY RACK

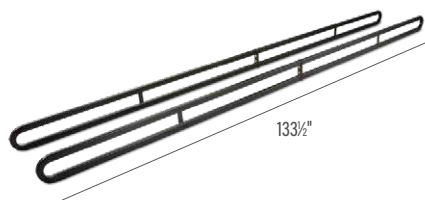

WEATHER GUARD® Truck Equipment offers the same quality and durability on our Steel Service Body Rack as on our other field-proven racks. For full-size steel service bodies.

MODEL	MATERIAL	ARMOR TUF® FINISH	LOAD CAPACITY	SHIP WEIGHT
1225	Steel	Black	1000 lbs.	258 lbs.

Dimensions: 133.5"L

Includes: Legs, side rails and cross members

NOTE: DO NOT mount on aluminum, plastic, fiberglass or top-opening service body trucks. Mount only on steel service bodies.

▲ Model 1225

ALUMINUM SERVICE BODY RACK

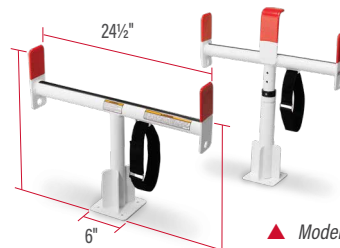

WEATHER GUARD® Aluminum Service Body Rack is designed to make a loading a ladder a "one-person" job. Front post adjusts in height and swivels to allow for easy positioning of ladder during removal or placement. Both posts have a wide mounting. For full-size and compact service body trucks on both driver and passenger sides.

MODEL	MATERIAL	ARMOR TUF® FINISH	LOAD CAPACITY	SHIP WEIGHT
1425-3	Steel	Brite White	200 lbs.	22 lbs.

Front post adjusts 16" - 30"

Rear post is stationary at 16 1/4"

NOTE: DO NOT mount on aluminum, plastic or fiberglass service body. Mount only on steel service body only.

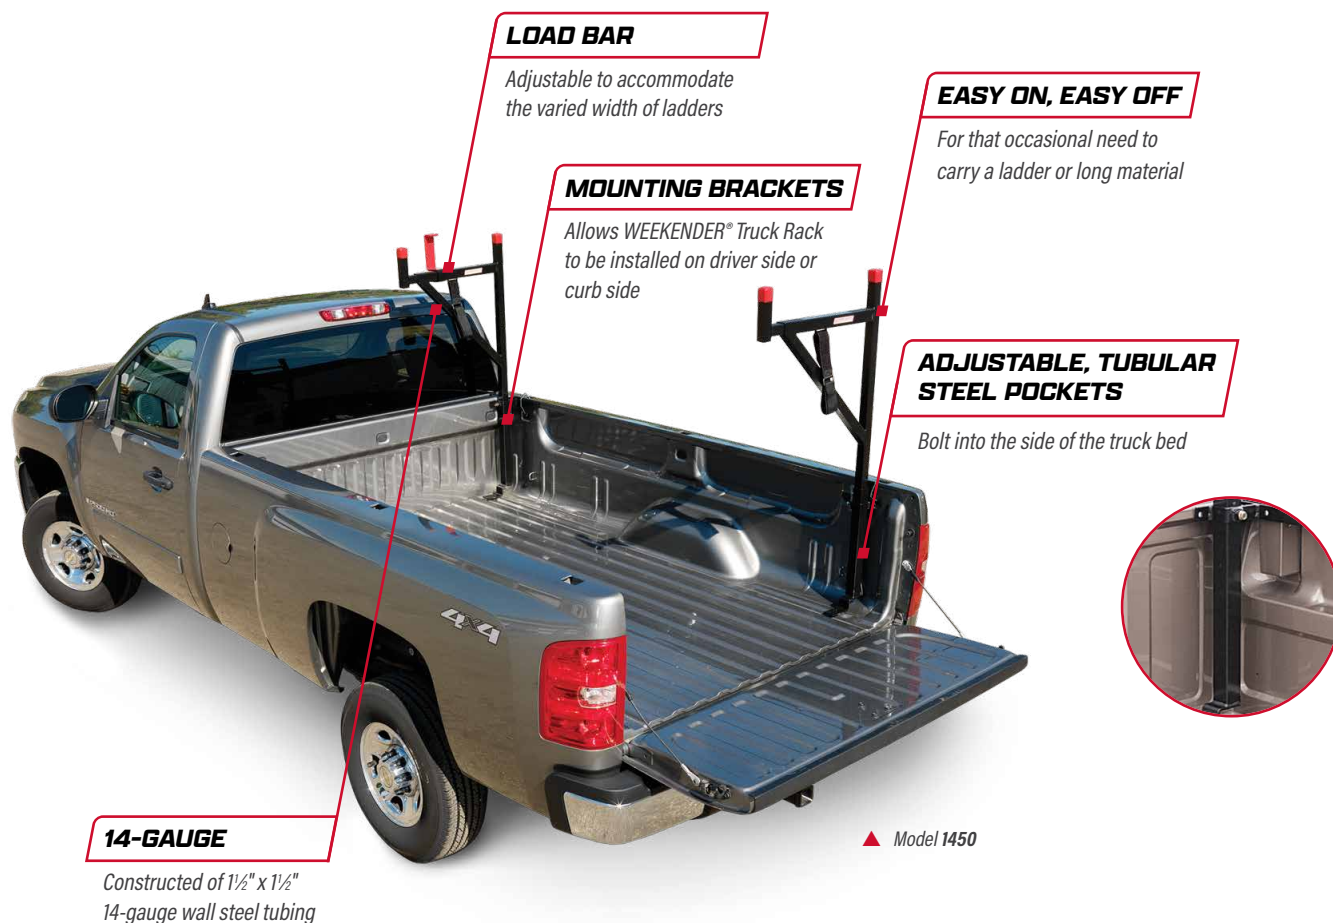

▲ Model 1425-3

WEEKENDER TRUCK RACK

BUILT FOR WEEKENDS, READY WHEN YOU NEED IT.

The **WEATHER GUARD® Model 1450 WEEKENDER® Horizontal Ladder Rack** is designed for occasional hauling without the commitment of a full-time rack. With a 250-lb load capacity, it's ideal for carrying ladders, lumber, and long materials for home improvement and renovation projects. Precision-fit for most full-size pickups from 1995 and newer, the **WEEKENDER® Truck Rack** delivers simple, dependable utility—only when the job calls for it.

STEEL SERVICE BODY RACK

For '95 and newer pickups: Chevy, Dodge, Ford and Toyota Tundra.

MODEL	MATERIAL	ARMOR TUF® FINISH	HORIZONTAL LOAD CAPACITY	SHIP WEIGHT
1450	Steel	Black	250 lbs.	56 lbs.

Dimensions: 52.5"H x 19-36" W

NOTE: If installing to an aluminum bed, please purchase the 70322 Aluminum Upfit Kit. Should be removed when not in use.

ALUMINUM HEADACHE RACKS

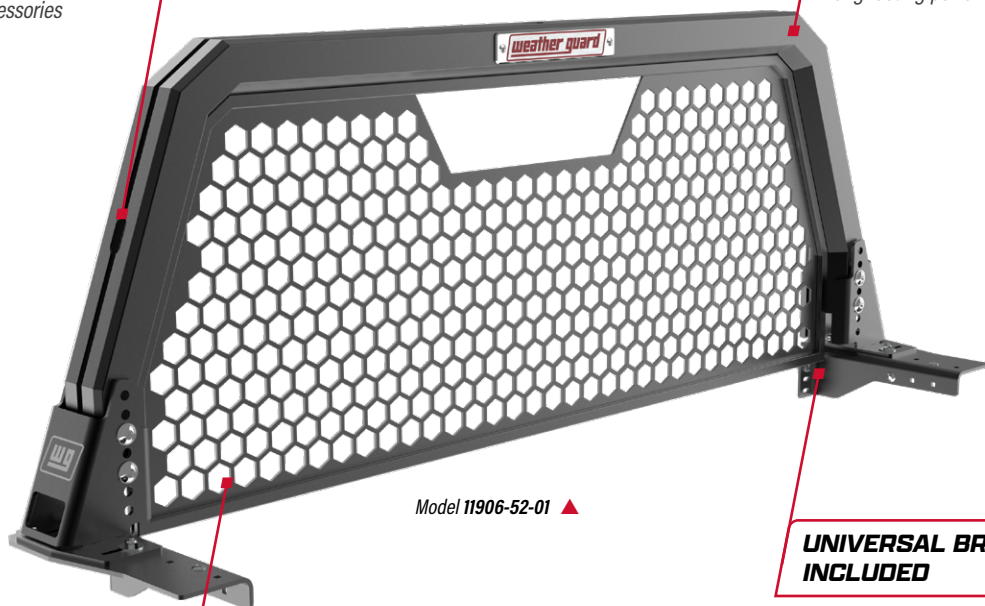

WEATHER GUARD® Headache Racks shield cab glass from shifting loads, absorb jobsite impact, and maintain structural integrity over time — no matter the route or terrain. Engineered for high-demand fleets and available in four streamlined designs, each rack is built for fast installs, consistent fit, and compatibility with **WEATHER GUARD®** truck boxes and accessories. Powder-coated aluminum resists corrosion. Integrated tie-down points support secure cargo management. And the **WEATHER GUARD®** badge? It's your signal to drivers and clients alike: this fleet runs with gear built to perform.

FLOOR STORAGE — PACK RAT® TOOL DRAWER

BUILT BIGGER AND BETTER.

The all-new **WEATHER GUARD® Pack Rat®** is more than a drawer system, it's a fleet-ready workhorse. Now also available in 60" and 72" lengths, the **Pack Rat®** drawer system spans wheel well to wheel well, giving you maximum storage without sacrificing bed space. Inside, configurable dividers let you organize tools your way - both horizontally and vertically. An integrated handle makes one-handed access fast and easy, even with gloves on. And the upgraded **1 Key Ultralock™** system means every box on your truck or across your fleet opens with the same key. Built with reinforced steel and rated to handle 425 lbs in the drawer and 2,000 lbs. up top, **Pack Rat®** is ready for whatever the job throws at it.

ANTI-SKID STRIPS

Prevent items from sliding or moving in transit

14-GAUGE STEEL TOP & SIDES

Allows up to 2000 lb load rating

DRAWER LOAD RATING

425 lbs. evenly distributed

12-GAUGE STEEL SKIDS

For extra strength

ONE-TOUCH LATCH ASSEMBLY

Unlock and open in one motion

ROLL OUT DRAWER

For easy access and organization

1 KEY ULTRALOCK™

Code multiple boxes on one truck or an entire fleet to work with the same key

Model 308-3 ▶

SIMPLIFIED SECURITY

If one key goes missing, the crew's still covered

DURABILITY THAT DELIVERS

Redesigned for maximum security and zero maintenance headaches

VERSATILE AND SEMI-CUSTOMIZABLE

Organize tools and equipment your way

SLIDING TRUCK BED

SLIDING TRUCK BED

ENGINEERED TO UPFIT CLEAN. BUILT TO WORK DIRTY.

WEATHER GUARD® Sliding Truck Bed is built to make every second count - giving your team fast, safe access to their gear without climbing in and out of the truck all day. Backed by pro-grade materials, smarter installation, and a limited lifetime warranty. **WEATHER GUARD® Sliding Truck Bed** is built for the jobsite, not the driveway.

BUILT FOR PROS

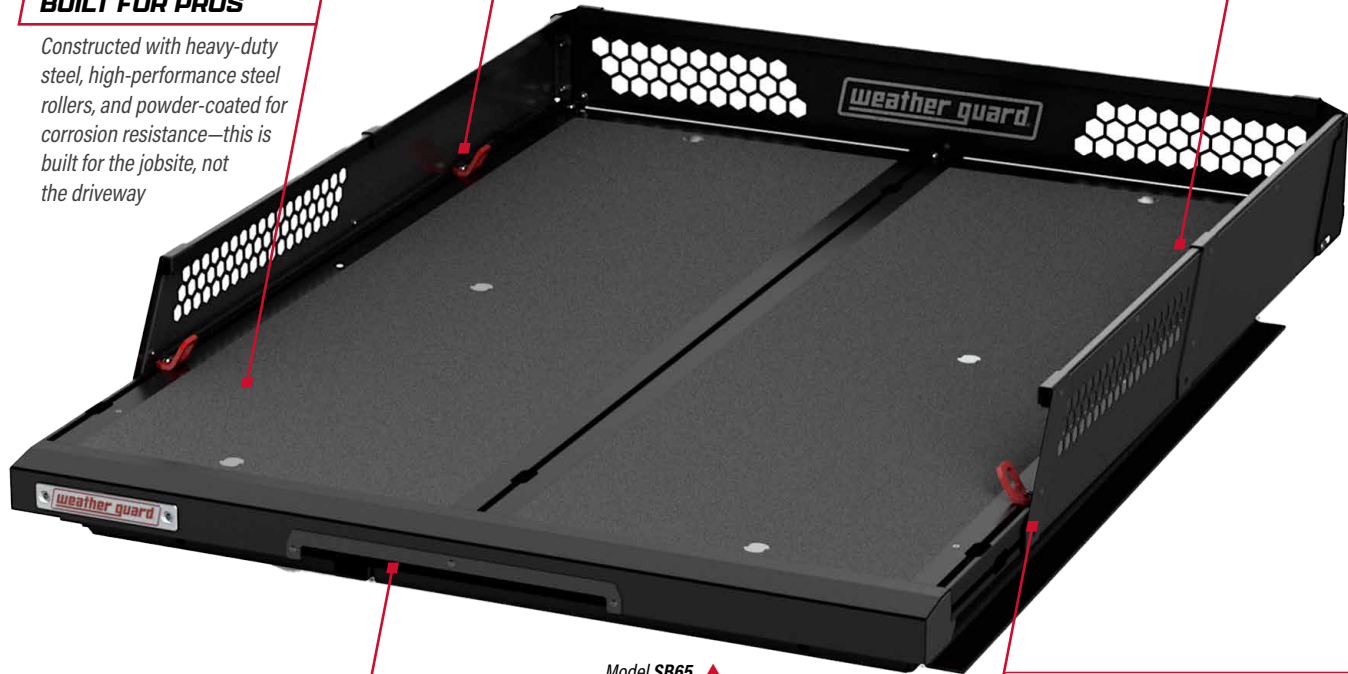

Constructed with heavy-duty steel, high-performance steel rollers, and powder-coated for corrosion resistance—this is built for the jobsite, not the driveway

4 TIE DOWN POINTS

Secure cargo without interference with c-channel for more tie down options

FLAT DECK. FULL ACCESS.

The true-flat load surface runs edge to edge, making it easy to slide, stack, or secure cargo without interference, with 100% bed extension

Model SB65 ▲

SAFE LATCHING SYSTEM

The intuitive handle system makes loading and locking easier and safer on your drivers

CUSTOMIZABLE STORAGE

Remove the side rails to accommodate larger gear or create a flush-top install with other equipment

FLAT DECK. FULL ACCESS.

The true-flat load surface runs edge to edge, making it easy to slide, stack, or secure cargo without interference. 100% bed extension.

CUSTOMIZABLE

Exclusive center channel locks down any load. Pull the side rails for bigger gear or go flush-top to integrate with other equipment.

BUILT FOR PROS

Constructed with heavy-duty steel for an up to 2,000 lbs load capacity, high-performance steel rollers and powder coated for corrosion resistance.
